

SAVE THE DATE

May 18-22, 2009

The Skeletal Research Center of Case Western Reserve University will offer the 8th Annual short course entitled

“Cell-Based Therapies and Tissue Engineering”
May 18 to May 22, 2009 in Cleveland, Ohio

This course will involve lectures by eminent scholars; laboratories and lectures on the “HOW TO” of adult stem cell cultures and cell-scaffold interactions. The course is intended for graduate students, post-graduate students and health science professionals who are interested in Tissue Engineering with emphasis on the principles and detailed protocols used or being modeled for direct clinical use. A syllabus from lectures and labs will be available to all registered participants.

Registration will open February 2009

For more information, to register or for sponsorship opportunities please contact Tammie Lee at 216-368-3562 or via email at tammie.lee@case.edu
