

Case Western Reserve University --- Department of Mathematics

The Department of Mathematics at Case Western Reserve University anticipates one new tenure-track position (rank open, junior preferred). Applications are encouraged in all areas of mathematics; applicants whose areas of research will augment and broaden the department's strengths are particularly encouraged. Currently active areas of research in the department include algebra, analysis, geometry and probability. Demonstrated excellence in teaching and a strong research record is required for consideration at the rank of associate professor. A strong record in mentoring and leadership is required for consideration at the rank of professor. All candidates should hold a PhD in Mathematics by the time of appointment, have demonstrated teaching experience, and a publication record appropriate to rank. The normal teaching load is two courses per semester.

Candidates should submit a letter of application, curriculum vitae and arrange for three letters of recommendation to be submitted directly. In addition, a statement of teaching philosophy and experience, evidence of teaching excellence, and a statement of current and future research plans should be included as part of the application dossier. All application materials should be submitted electronically through the AMS website mathjobs.org or mailed to
