

**Case Western Reserve University**  
**Department of Mathematics, Applied Mathematics, and Statistics**

*The Department of Mathematics, Applied Mathematics, and Statistics at Case Western Reserve University is searching for a tenure-track assistant professor in Statistics to begin in AY 2014/2015. Preference will be given to candidates with expertise in spatial statistics, statistical learning, computational statistics and Bayesian statistics. The ability to meaningfully interact with the existing group of statisticians/probabilists/applied mathematicians in the department will be vital. This hire is part of an effort to build a statistics group which also interfaces well with faculty in other departments, for example biology, physics, astronomy, biostatistics, and with the schools of engineering and management.*

All candidates should hold a PhD in Statistics, or a related field by the time of the appointment, have a demonstrated teaching/mentoring experience, and a publication record appropriate to rank. The normal teaching load is two courses per semester. Candidates should submit a letter of application, curriculum vitae, a statement of teaching philosophy and experience, evidence of teaching excellence, and a statement of current and future research plans. In addition, they should arrange for three letters of recommendation to be submitted by writers directly to mathjobs.org, or sent to the address listed below.

All application materials should be submitted electronically through the AMS website mathjobs.org or mailed to:
