

Summer Intern – Actuarial Analyst Trainee

DeSales Associates, an actuarial consulting firm located in Pepper Pike, Ohio, has an immediate opening for a full-time summer intern to serve as an actuarial analyst trainee. The preferred candidate will have a strong background in mathematics with coursework in probability and statistics. Facility with spreadsheets, word processing software, and programming languages is required. Familiarity with relational databases is highly desirable as is having passed at least one Society of Actuaries examination.

The summer intern will help prepare actuarial valuations of defined benefit and employer sponsored health care plans, benefit calculations, benefit statements, Form 5500, Pension Benefit Guaranty Corporation filings, non-discrimination testing analysis, amendments and restatements of plan documents, and the development of internal databases.

Training and a competitive salary will be provided. The summer internship has the potential to develop into a part-time or full-time position for the candidate that shows the ability to assume responsibility, learn quickly, and perform at a high level.

Please submit resumes to Julius Smetona, F.S.A., E.A. at jsmetona@desalsassociates.com
