

## NIH Public Access

As of April 7, 2008, all published results from NIH research must be submitted to [PubMed Central](http://www.pubmedcentral.nih.gov/) (<http://www.pubmedcentral.nih.gov/>) within twelve (12) months of acceptance for publication. This applies to all peer-reviewed journal articles, not book chapters, correspondence or editorials. Articles published prior to April 7, 2008, may be included with proper copyright permission.

Compliance is a three step process:

1. Copyright - The publication agreement or similar copyright transfer agreement must allow submission of the article within twelve months to the NIH. CWRU's Provost has supplied an appropriate copyright [letter](#). Please contact [hclref@case.edu](mailto:hclref@case.edu) if you need additional information.
2. Submit the article to NIH –
  - i. You or someone in your organization (e.g., an assistant or your library) may deposit a copy of the **peer reviewed manuscript** in the NIH Manuscript Submission ([NIHMS](http://www.nihms.nih.gov/)) (<http://www.nihms.nih.gov/>) system.
  - ii. Your publisher may send the **peer-reviewed manuscript** files to the NIH Manuscript Submission system for you. There is a list of [Journals That Submit Articles To PubMed Central](#) ([http://publicaccess.nih.gov/submit\\_process\\_journals.htm](http://publicaccess.nih.gov/submit_process_journals.htm)).
3. Cite - As of May 25, 2008, when citing an article in NIH applications, proposals, and progress reports that falls under the Policy, and was authored or co-authored by you or arose from your NIH award, you must include the PubMed Central reference number (PMCID). This policy includes applications submitted to the NIH for the May 25, 2008 due date and subsequent due dates.

Please see the [Frequently Asked Questions](http://publicaccess.nih.gov/FAQ.htm) (<http://publicaccess.nih.gov/FAQ.htm>).

## Finding PMCID's

PMCID's are part of the PubMed record.

Please use CHSL's link to PubMed:

[http://www.ncbi.nlm.nih.gov/sites/entrez?holding=cwruclib\\_fft\\_ndi,ohiolinklib&otool=o  
biolink](http://www.ncbi.nlm.nih.gov/sites/entrez?holding=cwruclib_fft_ndi,ohiolinklib&otool=o<br/>biolink)

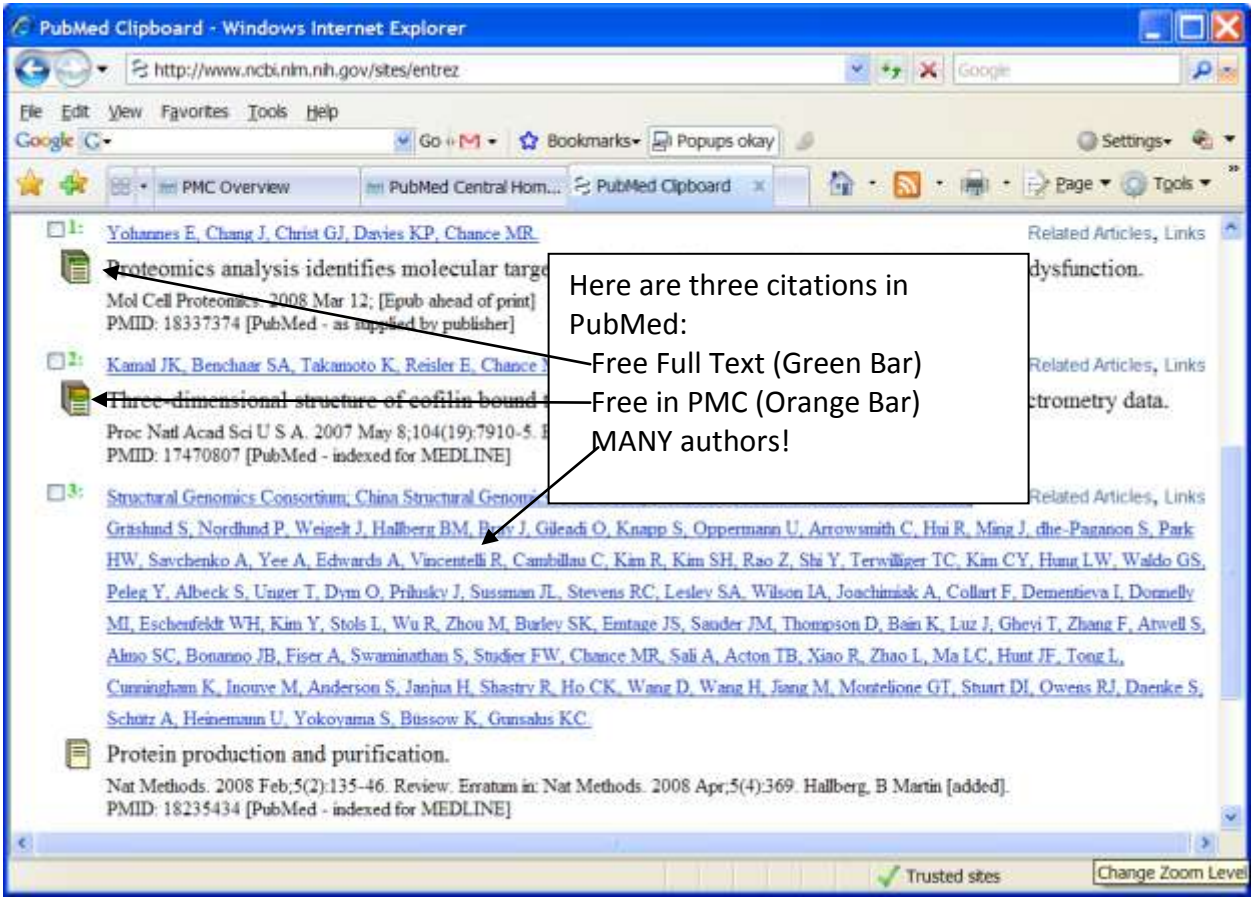

Look for the **SINGLE CITATION MATCHER**

The Single Citation Matcher has a fill-in-the-blank form for searching for a citation when you have some bibliographic information, e.g., journal name, volume, page number.

1. Click Single Citation Matcher on the PubMed sidebar.
2. Enter the bibliographic information you have.
3. Click Go.

If you know an author's name, you may just search in PubMed.

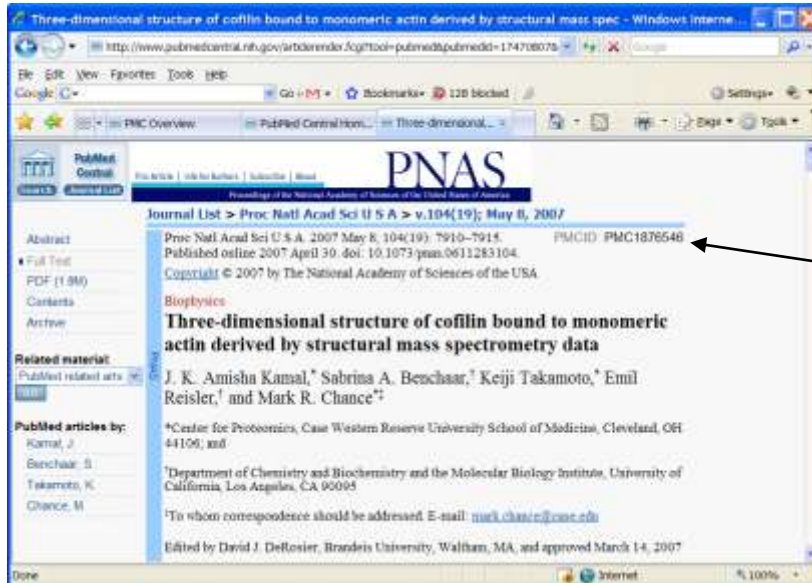

Here are three citations from PubMed. The first, with the green bar on the yellow tablet, means that the article is available free online. The second, with the orange bar on the yellow tablet, means that the article is available free in PubMed Central. The third article has numerous authors. All three citations have important implications for NIH submission information. For the free online article, you must include the URL of the free article. For the free in PMC, you must include the PMCID. For the citation with the many authors, you must include all the authors' names.

Information about citing articles is available from two sources freely available online:

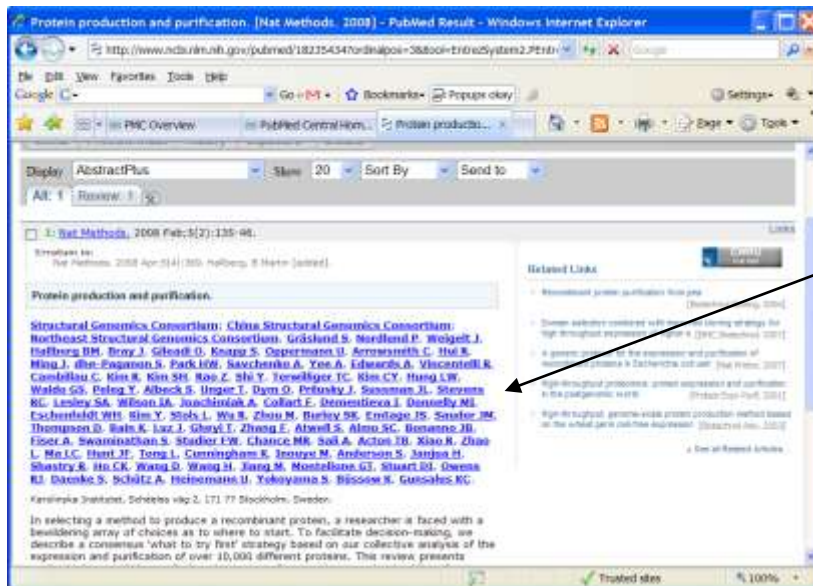

[Citing Medicine](http://www.ncbi.nlm.nih.gov/books/bv.fcgi?rid=citmed.TOC&depth=2)  
 (<http://www.ncbi.nlm.nih.gov/books/bv.fcgi?rid=citmed.TOC&depth=2>)

[ICMJE - Uniform Requirements for Manuscripts Submitted to Biomedical Journals](http://www.icmje.org/)  
 (<http://www.icmje.org/>)

Here is another location for the PMCID as well as the full text of the article

You must include ALL authors!

If you need additional assistance, please contact the reference desk at 216-368-3218, or by email to [hclref@case.edu](mailto:hclref@case.edu).
