

CWRU Action Form for Majors/Minors/Programs/Sequences/Degrees
(instructions on back)

Docket # _____

College/School: College of Arts and Sciences
Department: History

PROPOSED: ☐ major
☒ minor
☐ program
☐ sequence
☐ degree

TITLE: History of Technology and Science (HST)

EFFECTIVE: fall (semester) 2011-12 (year)

DESCRIPTION:

The HST minor has long since fallen into desuetude, and there does not seem to be a real niche for it. No student has elected it in at least 14 years, and very few relevant administrators even know it exists. We propose to cancel it permanently.

It should be noted that we already have an interdisciplinary major and minor program in History and Philosophy of Science.
