

Case Mobile

Case Mobile, developed by [Information Technology Services](#) (ITS), is a new way to take CWRU web-based services to the mobile environment. To provide a common user experience, many services found in Case Launchpad are also available through Case Mobile.

To access Case Mobile, point your mobile web browser to <http://m.case.edu>.

Case Mobile was developed with "A-Grade" mobile browsers in mind, include Apple's iPhone Mobile Safari and the Blackberry browser (requires Blackberry OS version 4.7.1 and above). [More information](#) is available regarding alternate browsers for other mobile platforms.

For technical issues regarding Case Mobile, please contact the ITS Service Desk at help@case.edu or 216.368.HELP (4357).
