

## Google Talk

Google Talk is the preferred instant messaging service of Case Western Reserve University. By signing in with your CWRU Network ID, you can connect with frequent email collaborators, friends, classmates, coworkers and other Google Apps users from within the *webmail.case.edu*, *igoogle.case.edu* and *plus.google.com* interfaces, or in a compatible instant messaging client of your choice.

Depending on the gadget or client being used, Google Talk can also be used for voice chat, telephone calls, file transfers, chat rooms and video chat.
