

## Share Your Desktop

### Concept

This topic demonstrates how a presenter can share his/her desktop in a Connect meeting.

### Procedure

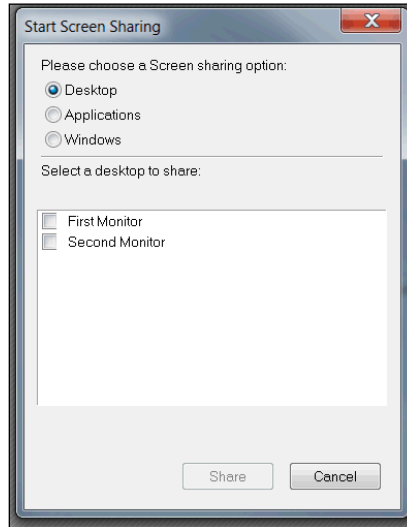

Begin by opening a meeting and logging in with your CWRU Network ID and password.

Step	Action
1.	<p>In the meeting room, locate the Share pod. Typically, this is in the center of the meeting room.</p> <p>Click the <b>Share My Screen</b> button.</p> 

# Information Technology Services Reference Guide

## Share Your Desktop

Step	Action
2.	The Start Screen Sharing window appears. Select to share your desktop, applications or windows. Click an entry in the list.
3.	The Connect meeting window reduces to your task bar, allowing you to use your desktop. 
4.	Your desktop appears in the Share pod. It is displayed to all participants in the meeting.
5.	To stop sharing your desktop, return to the Connect meeting and click the <b>Stop Sharing</b> button. 
6.	This completes the process of sharing your desktop. <b>End of Procedure.</b>
