

Tuesdays at Noon
Wolstein Research Building Auditorium (WRB 1413)

Date	Speaker	Seminar Title
September 15	Cliff Harding Case Western Reserve University	Regulation of APC Function by <i>Mycobacterium tuberculosis</i> Lipoproteins and their Interactions with TLR2
September 22	Helene Bernstein Case Western Reserve University	CD4 expressing NK cells: A functionally unique cell and target for HIV infection
September 29	Pavan Reddy University of Michigan	Deacetylase Inhibition Mediated Regulation of DCs
October 6	Vince Tuohy Cleveland Clinic Foundation To be held in BRB 105	Prophylactic Breast Cancer Vaccination
October 13	David Farrar UT Southwestern Medical Center	Type 1 Interferon: A Memory Booster for T cells
October 20	Ed Medof Case Western Reserve University	Lewis Pillemer Could Never Have Imagined It
October 27	Gareth Hardy Case Western Reserve University	Interference Overload: Dysregulation of Type-1 Interferon in HIV-1 Infection
November 3	Brian Cobb Case Western Reserve University	Commensal Glycoantigens and the Induction of Regulatory T cells
November 10	David Pascual Montana State University	Apoptotic and IL-35 Immunotherapy for Autoimmunity
November 17	Xinjian Chen University of Utah	Naturally Arising FoxP3⁺ T cells: What Do They Respond to?
November 24	No Seminar - Happy Thanksgiving!	
December 1	<p style="text-align: center;">Ecker Lecture Alexander Rudensky, Ph.D. Sloan-Kettering Institute Control of immune homeostasis by regulatory T cells</p>	
December 8	David Woodland Trudeau Institute	Regulation of T cell Immunity to Respiratory Virus Infections
December 15	Christopher Hunter University of Pennsylvania	Imaging Immunity to Infection

Activity Director: Dr. Brian Cobb, brian.cobb@case.edu, WRB 6532, 368-1263

The Case Western Reserve University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Case Western Reserve University School of Medicine designates this educational activity for a maximum of 1 AMA PRA Category 1 creditsTM. Physicians should only claim credit commensurate with the extent of their participation in the activity.
