# KELVIN SMITH LIBRARY

Kelvin Smith Library is the main library and opened in 1996. With 150,000 square feet, moveable shelves holding 1.2 million volumes and state-of-the-art technology, the building provides ample space and access to resources. Every study carrel is networked for laptop users. The Education Support Services office is located here and provides tutoring and academic support for all students. Students also have access to EuclidPLUS and the Case network from computer terminals located throughout the library.
