Surface Only (1A, 44, 47)	16.00

*Motorcycle permits are non-refundable and must be purchased annually

A 3% overall parking rate increase will be implemented for the 2024-25 fiscal year. The new rates are effective July 1 2024. In addition, the discounts available to eligible staff will increase. The discounts are as follows:

- Parking rates are discounted 27 percent for full-time CWRU employees with annual salary less than \$54,000.
- Parking rates are discounted 27 percent for part-time CWRU employees with annual salary less than \$27,000.

Faculty and staff purchasing new parking permits may buy them at Access Services, located in Crawford Hall, Room 18. Employees who already have parking deducted from their payroll don't need to do anything, as their parking will roll over into the next fiscal year. To receive the discount, you must use payroll deduction.
