Clinical Research Internships for the Summer

- Internships will appear on the Careers board with Job Titles as:
 - Clinical Research Assistant (PRN)
 - [Department Name] Intern
- Typically are paid.
- Will be posted between March and April, so keep an eye out!
- If you mention in your application you heard of the internship opportunity through a **RIE Lecture**, you may have some leverage!

Obtain Mentorship with a UH Researcher

This activity allows you to directly work on a research project with a research team, including the lead Physician.

1. Contact ClinicalResearch@UHhospitals.org with your interests (Orthopedics, Crohns Disease, Cystic Fibrosis, etc)
2. We will work to connect you to a Research Team
3. The team will get your [research credentialed](#)
 - a) This process includes a background check and can take some time (~3 months) to get you started on the project
4. Work with the team on their research project

The screenshot displays the UH Clinical Research Career Opportunities website. At the top, there are five navigation cards: 'UH Clinical Research Career Opportunities' (with a microscope icon), 'College & High School Students' (with a book icon), 'Research Ambassadors' (with a trophy icon), 'New Clinical Research Staff' (with a person icon), and 'Investigators and Clinical Providers' (with a person and microscope icon). Each card includes a 'Learn More' button. Below these is a main section titled 'UH Clinical Research Career Opportunities' featuring three columns of content: 'Job Shadowing' (with a photo of researchers), 'Search for Careers and Internships' (with a search bar and 'To Heal. To Teach. To Discover.' text), and 'Upcoming Career Fairs and Events' (with a group photo). Each column has a corresponding 'Learn More', 'Search', or 'Register' button.
